**Re: Invitation - North Pacific Marine Science Organization (PICES)
PICES-2016, Twenty Fifth Annual Meeting**

Dear Dr. DiNardo,

On behalf of the Council of the North Pacific Marine Science Organization (PICES), I have the honour of inviting an ISC representative to be present as an observer at our Twenty Fifth Annual Meeting to be held Nov. 2-13, 2016, San Diego, USA. The theme for PICES-2016 is “25 Years of PICES: Celebrating the Past, Imagining the Future”.

Should ISC decide to participate, it would be greatly appreciated if the name(s) and contact information of your appointed observer(s) could be forwarded to the PICES Secretariat (secretariat@pices.int) by July 1, 2016. If your representative would like to address PICES on collaborative issues, we will gladly arrange a time for this presentation to be given at our Committee meeting(s) to be held Sunday November 6 and Wednesday November 9.

To allow our participants to learn more about ISC, it would be desirable to have a poster display that gives some general information and highlights of your Organization’s scientific objectives and recent activities. If your representative is interested in presenting a poster, please kindly indicate in your response to me so a poster board can be arranged. An abstract can be submitted on-line to the “Poster Observer”

Session:

<http://meetings.pices.int/meetings/annual/2016/pices/submissions>

Details of the scientific program, schedule, registration, hotel accommodation and other logistics for the meeting can be found on the PICES-2016 website at:

<http://meetings.pices.int/meetings/annual/2016/pices/scope>

Your representative can register for the meeting on-line. Should he/she have any questions, please contact me or our Database and Web Administrator, Ms. Julia Yazvenko at secretariat@pices.int.

Thank you very much for your attention in this matter and I hope to see you or your representative in San Diego.

Yours sincerely,

Mr. Robin Brown
Executive Secretary
